

TITLE: **Multimedia Designer/Content Creator** **#175a**
SECTION: Communications Office
REPORTS TO: Executive Director of Communications, Privacy and Community Engagement

SUMMARY

Under the general direction of the Executive Director of Communications, Privacy, and Community Engagement, the Multimedia Designer/Content Creator is responsible for the development of graphic design and online multimedia communications and marketing. In collaboration with various departments and schools, the successful candidate will produce interactive, visually appealing and unique internal and external communications projects that align with the district's design and online standards.

DUTIES

1. Design and development of internal and external communications and marketing materials for print or online.
 2. Manage brand identity by updating or creating district documents such as brochures, posters and other branded materials.
 3. Ensure district design standards are adhered to in the production of any district materials.
 4. Manage and update design of district and school websites.
 5. Design and manage district mobile applications.
 6. Assist in the development of online multimedia presence, which include but not limited to: social media, photography, videography and video editing.
 7. Work closely with the communications team and participate in project meetings and prepare regular reports to communicate project status.
 8. Work with the various departments and schools on the creation of internal or external print or online projects.
 9. Meeting multiple deadlines in a fast-paced and high-pressure environment.
 10. Proofreads district documents and publications.
 11. Maintains filing and tracking systems for district information and photographs and monitors the budget of the Communications Office.
 12. May, on occasion, be required to perform other related duties as assigned.
-
